## Are you...

**Aiming for a higher grade-point average?**

**Looking to improve your child's study skills and habits?**

**Needing help with test-taking preparation?**

**Having trouble writing a difficult research paper?**

**Then you've come to the right place!**

If you need help with making the most of your education, **Tutoring by TONY** can provide the assistance you need to optimize test scores, improve grades and develop academic skill sets that will allow students to thrive in the classroom ... and in life.

Tony Moton, a dedicated educator and academic coach, offers a unique **private tutoring service** for virtually every subject and grade level. Whether your child is learning to read or you're a student looking for an edge in geometry, Tony can help you achieve your goals.

As an in-home tutor, Tony helps students gain confidence in specific subjects, develop a greater understanding of challenging material and learn skills for growth and success in school. At just about every level of education, Tony can make a difference. His specialty is customized, one-to-one sessions that are tailored to each student's individuality.

The success rate for **Tutoring by TONY** is tremendous. Tony, who holds master's degrees from UCLA and the University of Nebraska, offers year-around service. He also has developed a series of specialized courses in writing and grammar. So, whatever your academic need, Tony is bound to be a great fit. Check out his website for upcoming classes, too! **Serving the greater Los Angeles area!**
